7 Self-Care Behaviors

Interest in Tracking Self-Management

1

- Health centers request for self-management goal tracking

2

- Johns Hopkins University Comprehensive Diabetes Center request for AADE 7 tracking

3

- Akron Children's Hospital interest in tracking a slightly different set of self-management measures

Tracking Self-Management

Building a tracking system

- System for tracking AADE 7, AND customized self-care behaviors
- Linking with other information systems

Ensuring other systems have this capability

- Working with EHR vendors, advocating AADE 7 as an important component for inclusion
